IEU CAMPUS IN SEGOVIA

Located in the Guadarrama mountains, in the region of Castile and León, between Madrid and Valladolid, Segovia is a beautiful, quiet and historically-rich city with around 60,000 inhabitants. It is a wonderful city to get to know traditional Spanish culture and visit some of the country's most world-famous monuments.

The IE University campus in the city of Segovia offers a true campus experience. It is housed in the Convent of Santa Cruz la Real, a historic building declared a national heritage site in 1931. Near the Eresma river and outside Segovia's old city walls surrounding its historic quarter, it's just a five-minute walk from the world-famous Roman Aqueduct. Although IEU's campus is housed in a historic site, it boasts modern facilities including Wi-Fi all around campus, conference halls and laboratories, as well as fully equipped Media Studio and a Fab Lab. The convent's church, Aula Magna, is a beautifully restored building that now holds the university's key events such as the Welcome Ceremony, Graduations and The Hay Festival. The campus in Segovia provides students from around the world with an ideal on-campus experience within a setting that's modern

and international, while also historically rich and traditional.

Segovia is only 25 minutes from Madrid by high-speed train, and welcomes students from over 80 countries to a global university setting, with an atmosphere that is both academic and lively.

Each year an average of 130 different countries are represented on campus with over 70% of our students coming from abroad. Our faculty is made up of over 34 nationalities. With small class sizes and a 15:1 student to professor ratio, students have a truly personalized learning experience.

“I loved the IE University life, it felt like a big family. It’s a small class approach to learning which I find more effective and interesting, especially for an exchange student like me, because I wanted to integrate with the student groups as fast as possible.”

STUDY IN A SMALL CLOSE-KNIT UNIVERSITY COMMUNITY

IEU CAMPUS IN MADRID

Madrid is a beautiful city, home to an endless number of historical sites, cultural activities, and a lively nightlife. The Spanish capital is welcoming, international and tourist-friendly.

Located in the financial center of Madrid, a leading European capital. Our students benefit from a global learning environment, top-tier networking opportunities, and facilities equipped with the latest generation technologies, all shared with the prestigious top-ranked IE Business School and its multiple buildings. The campus encompasses several buildings around its historical headquarters between the streets of María de Molina and Serrano. María de Molina 31 Bis was the headquarters of the Iberia company and is now one of Madrid's protected buildings. Totally urban and very close to the financial area, it is a great starting point for a stroll down to the heart of the Salamanca neighborhood. Students have a lot of cultural activities at their fingertips, as well as an array of high-end stores, restaurants, bars and markets, from chic lounge-bars to traditional mom-and-pop shops. Salamanca neighborhood is one of IE students' favorite areas to live in and immerse themselves in the *Madridleño* way of life.
